## HILO JOINS DEMAND FOR SCHOOL APPROPRIATIONS

Hiilo, May 9.—The following resolution passed unanimously at the meeting of the Fourth (Hiilo) Precinct Club Saturday night. A copy of the resolution has been forwarded to the Senators and Representatives from this district:

Whereas, the employees of the Board of Education have been working under a reduction of twenty per cent during the past year, which in some instances has been insufficient for living expenses; and

Whereas, a continuation of the present inadequate scale of wages will drive competent teachers into other channels of work, and the efficiency of the school service will be very materially marred; and

Whereas, the Republican party in their platform at the last election heartily endorsed liberal appropriations sufficient to maintain the schools in the highest efficiency, to secure capable educators, and to give the people the best possible educational service; and

Whereas, the Legislature of Hawaii has provided for a High School in the city of Hiilo; now, therefore,

Be it Resolved, by the Fourth Republican Precinct Club, First Representative District, Territory of Hawaii, assembled together on the 6th day of May, A. D. 1905, that the Governor and Legislature be recommended to make liberal appropriations for the Department of Education; that teachers be given salaries sufficient to allow them a decent livelihood; and that the salaries be restored to their former basis and raised so such figures as will insure to the Territory the highest efficiency along educational lines; and

Be it further resolved, that the Governor and Legislature be recommended to make liberal appropriations for the erection and equipment of a High School building in Hiilo, and the securing of competent and efficient teachers and professors for High School work; and

Be it further resolved, that a copy of these resolutions be sent to the Governor of the Territory and to the Senate and House of Representatives of the present Legislature.

## SCHOOL TEACHERS ARE UNDERPAID

"Shame on us! Shame on us, as citizens of this great Republic that we pay our school teachers such miserable wages!"

These were the words of Dr. Henry Ostrom last night, uttered during the course of his address at the revival services. He had been discussing the cost of a man's living, as measured by his education, etc. Suddenly he turned to another side of his subject, saying how much school teachers were expected to do for their pupils in proportion to their remuneration for it.

"If there's anything that this world needs it's a raise in the wages of school teachers," said Dr. Ostrom vigorously. "Teachers are paid less than many people get who work with a hammer and tacks. And yet we expect such great results of them. We turn our children over to them and say 'Here, take them and give them a good education and a good character.' I feel like apologizing to every public school teacher I meet because, poor and under-paid and over-worked as they are, they shape the characters of future generations and exercise influence for untold good."

And as Dr. Ostrom finished this little speech a murmur of approval ran through the audience.

The husband and sister, Mrs. W. A. Rowell, of the late Mrs. J. J. Harvey desire to thank their many friends for assistance and flowers sent during their late bereavement.

The Kash Company.  
LIMITED AGENTS.

## MAUI COUNTY POLICE ITEMS PASS THE HOUSE

Rep. Coelho this afternoon introduced in the House a petition for the refunding of license fees (\$437) illegally collected. Referred to the Finance Committee.

Greenwell moved that Coelho's proposed amendment to pay Maui and Molokai police for services during the ten days of the old county act's life be referred to a special committee.

Coelho's amendment reads:

Pay of police, Maui and Molokai, for services from January 4 to January 14, 1904, \$710.15, and pay of deputy sheriffs, Maui and Molokai, same period, \$55.55.

This amendment was adopted by the following vote:

Ayes—Broad, Harris, Coelho, Copp, Hale, Harris, Kalawala, Kaniho, Lewis, Liliakani, Long, Mahikoa, Nakulua, Pali, Quinn, Rice, Shipman, Smith, Waterhouse (18).

Noes—Fernandez, Greenwell, Holstein, Pula, Sheldon.

Quinn moved to reconsider vote on the American-Hawaiian Construction Co.'s item passed this morning. Lost.

The bill was passed on third reading by a vote of 18 to 7.

The House then went into Committee of the Whole on S. B. 3, appropriations for the biennial period ending June 30, 1907, with Rep. Nakulua in the chair.

## THE NIGHTS ARE GETTING WARMER

Spring seems slow this year, but the last few days of sunshine have resulted in warm nights, nights when our old friend insomnia jars us a little and says something is wrong with our sleeping apparatus. Perhaps it is in the mattresses and pillows, perhaps it is in us. If it is in us it will be a tough job of curing, but if it is in the bedding J. Hopp & Co., in the Young building, can arrange the matter. They can make over your old mattresses into new ones, free from holes and lumps at a trifling cost; or they can furnish new mattresses. They handle the best grades of hair, moss, floss and other mattress material and their feather pillows have a reputation for quality not excelled by any. In addition to this all mattress stuffing goes through a powerful machine, run by electricity, which removes all the dust and leaves the stuffing nice and springy. Telephone to have them get your old mattresses and make them into new ones.

THE BUSINESS MAN'S HANDY INDEX, published in the Saturday Bulletin and the Weekly Edition, gives a concise and complete resume of all legal notices, calls for tenders, judgments, building permits and real estate transactions. Evening Bulletin, 75 cents per month. Weekly Bulletin, \$1 per year.

## Is Editor Shiozawa At Bottom Of Attack On Saito?

That the present attack of Japanese orators on the Japanese Consul General, Miki Saito, is inspired solely by envy and personal spite and that the overwhelming majority of the local Japanese are in favor of retaining Saito as the Consul, was asserted this morning by a Japanese gentleman thoroughly in touch with the local situation. He charges that the Japanese who have been so eloquently inveighing against Consul Saito for the past few days are hired for that purpose by the author of all the trouble, who prefers to have his name remain secret, but is really none other than G. Shiozawa, editor and proprietor of the Hawaii Shingo Sha, a local paper.

The trouble originated, according to the authority for the above statement, when the Central Japanese League was formed in the islands last year. Editor Shiozawa was very desirous of becoming president of the powerful organization and made every endeavor to get the position. However, Consul Saito was triumphantly elected president of the league, whereupon Editor Shiozawa became his enemy.

Now Shiozawa is said to have lured these professional orators, Shimada and Takel, to attack Consul Saito in the belief that he will become unpopular and will finally be removed by his home government, whereupon Mr. Shiozawa can satisfy his ambition to head the league, together with the advantages he can derive from the position. It is even said that Editor Shiozawa casts longing eyes on the Consulship.

"The majority of the Japanese," said the gentleman interviewed by a reporter for the Bulletin, "want Consul Saito retained, and I think he will be. It is spite work that is raising all this discussion."

## Honolulu Has Gas Today

Honolulu has gas today. The first gas ever generated in this city was manufactured at the plant of the Honolulu Gas Company in Iwilei this morning.

Gas will be ready for delivery within twenty days. It would be ready for consumption this day were it not for the fact that certain pipes are being waited for. This pipe is expected on the steamship California.

At an early hour gas engineers gathered in Iwilei to superintend the making of the first gas and starting it out into the completed holder. The morning was occupied with testing out the generating plant and other apparatus. The company has completed a small holder. This is now being filled. The larger container will be ready for business about the middle of next month.

The company's pipes are now laid for over a mile on Nuuanu street and are in on School street and portions of Fort and Alakea.

## DEFENSE CHALLENGES

The defense in the Naone murder case this afternoon exercised its first peremptory challenge in Harry A. Juen. Before exercising its second challenge the defense objected to the order of challenges, one by the prosecution and two by the defendant, and so on, preferring one at a time by each side, which would leave the defense with six challenges one after another when the prosecution had exhausted its six challenges. Judge De Bolt overruled the objection and an exception was noted. The defense then exercised its second challenge on W. T. Paty.

## ARREST JAPANESE FOR CONSPIRACY

Eight Japanese charged with conspiracy were brought to the local police station from Pearl City last night. The "conspiracy" is charged by one Saito, and it seems to be a case mostly of spite work on his part. Some time ago he and two other Japanese, all said to be laborers on Honolulu plantation, were arrested for assault and battery. Two were convicted but Saito escaped on a technicality. The eight men now charged with conspiracy were witnesses. Saito thereupon charged them with conspiracy against another Japanese, one Kawamoto, by threatening his life if he worked on the plantation. Kawamoto appears to be a tool in Saito's hands. The arrested men disclaim any knowledge of the conspiracy. They came up before Police Justice Whitney this morning, but the case was postponed.

## To Dance The Hula TONIGHT At Hawaiian Hotel

There will certainly be doings at the Hawaiian Hotel tonight. Music by Ellis' famous Quintette Club during dinner and afterwards for a general dance. Concert by the Royal Hawaiian Band. Some selections by the Ninth Infantry Orchestra, a musical organization second to none in the army. And at nine p. m. a Hula dance, four of the best native dancing girls in the islands having been engaged. The entertainment is a farewell to the officers of the Ninth Infantry and the cruiser Boston. As usual a general invitation is extended.

The most stylish hats ever turned out in Honolulu are being shown by Mrs. Hodson in Kerr's Millinery Department.

## CRUISERS OFF JAPAN

(Associated Press Special Cable)  
TOKIO, Japan, May 11.—Two cruisers supposed to be the Russia and Grombol from Vladivostok were sighted off Aomori, North Japan, May 9th.

## British Don't Fear Invasion Of India

LONDON, England, May 11.—Balfour states that it is decided to concentrate the fleet and army at the center of the Empire. It is not believed that Russia will invade India.

## Break Is Made In Chicago Strike

CHICAGO, May 11.—The hay feed drivers refuse to observe the boycott. This is the first break in the strike.

100 ARE DEAD.  
GUTHRIE, Oklahoma, May 11.—The dead in the town of Snyder swept yesterday by a tornado, number 100. One hundred and fifty persons are injured, many fatally.

DEAD IN THE WRECK.  
HARRISBURG, May 11.—Eighteen persons are dead and 100 injured as a result of the railway accident at this place.

## CHANGE OF MANAGEMENT

AT THE

## ALEXANDER YOUNG HOTEL.

BEGINNING May 15th, "The Alexander Young Hotel" will be operated on both the American and European plans.

NOAH W. GRAY, Manager.

## RAPID WORK IN SECURING JURY

The drawing of the jury in the Naone murder case is proceeding quite rapidly, the first peremptory challenges having been reached this forenoon. The special venire of fifty issued yesterday forenoon was returned this morning, thirty-five of the jurors being served.

A little after 11:30 the following twelve jurors had passed for cause: Edgar Henriques, A. V. Gear, Harry B. Juen, J. K. Clark, W. T. Paty, F. W. Macfarlane, Jr., Milus Parkhurst, C. A. (Continued on Page 5)
